

Strategy for Implementing the 2016 Port Land Use Plan

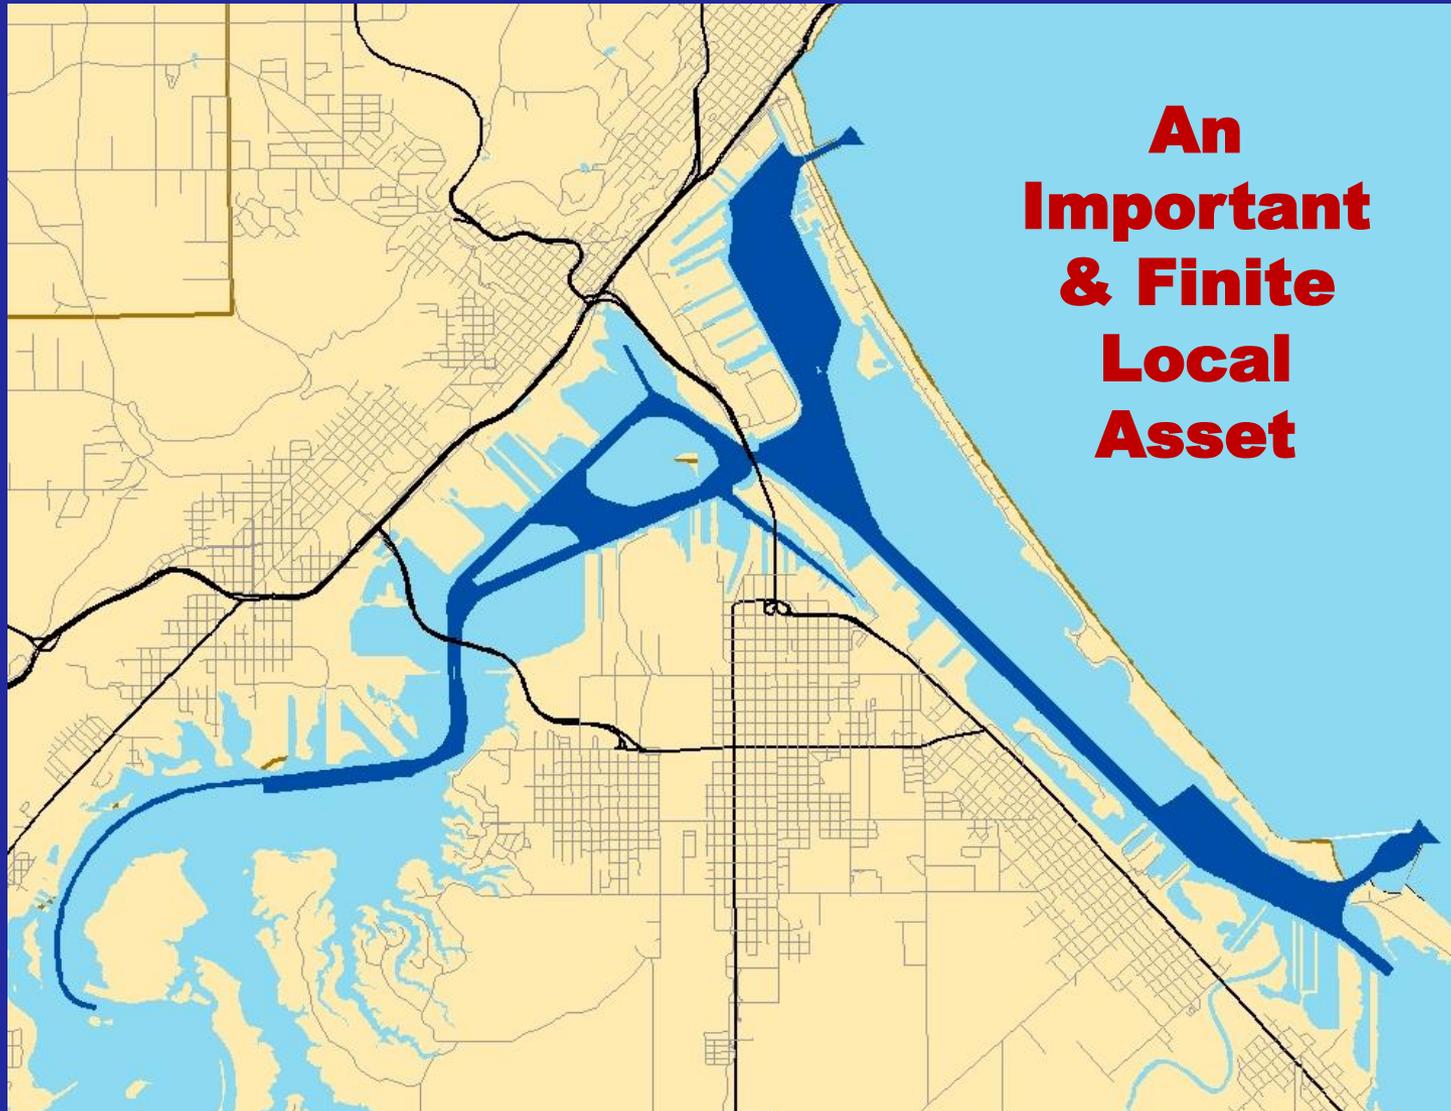

Mike Wenholz
April, 2017

2016 Port Land Use Plan Future Land Use Map

Federally Designated & Maintained Channel

2016 Port Land Use Plan Recommendations

- 26 Recommendations Made
- Organized into 7 General Categories

Market & Promote the Port

Maintain or Expand Port Infrastructure & Lands

Maintain or Expand Adjacent Landside Access

Dredging

Recreational Uses

Ecological Value / Pollution Prevention & Remediation

Other / Miscellaneous

Port Land Use Plan AC Meeting

- Identified the following for each recommendation:

Primary Leader(s)

Priority

Anticipated Completion Timeline

- Prepared draft summary table

Two End Products Prepared

- Implementation Strategy Summary Table
- “Strategy for Implementing the 2016 Duluth-Superior Port Land Use Plan” - Appendix in the PLUP

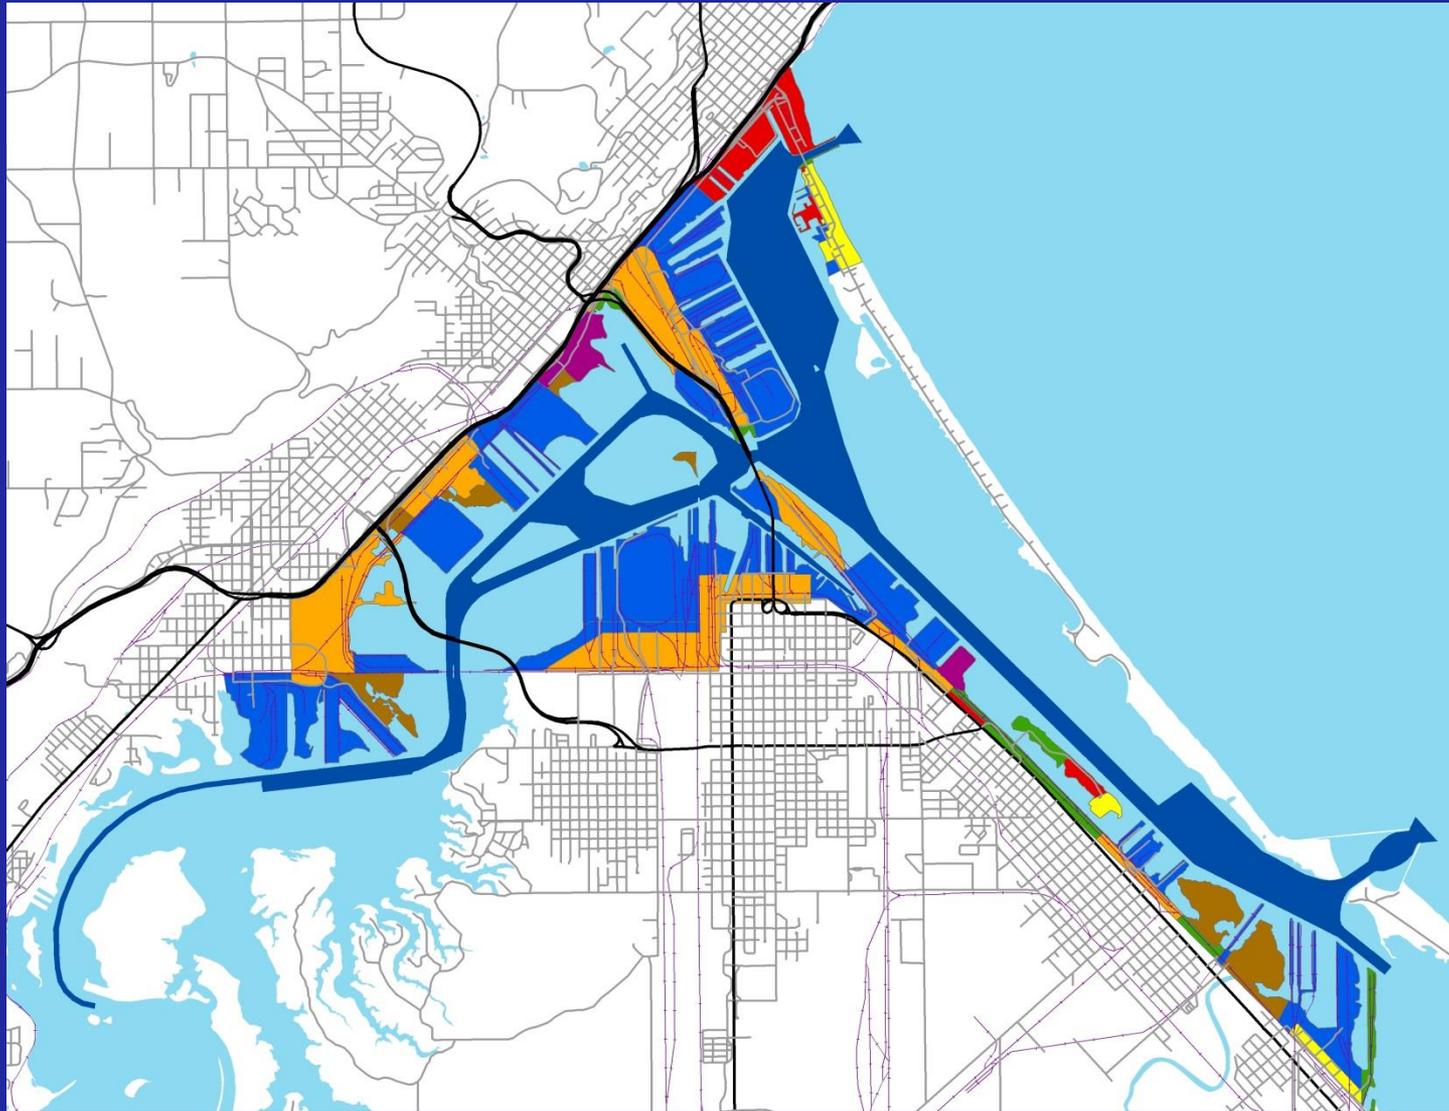

Strategy for Implementing Recommendations

- Present significant updates on recommendations being implemented at first HTAC meeting annually
- Give a reminder of the implementation strategy table AND share recent examples of recommendations being implemented at each of the other HTAC meetings

3 Main Points

- Leader(s), priority, and anticipated completion timeline identified for all 26 PLUP Recommendations
- Strategy for implementing the PLUP recommendations and a summary table prepared as an Appendix in the PLUP
- Implementation updates will be a standing agenda item at quarterly HTAC meetings
