

Hello to all BPAC members and interested parties

The next meeting of the Bicycle and Pedestrian Advisory Committee is scheduled for next week, on:

Monday, May 7th, 2018

11:30 a.m. (You are welcome to bring your lunch along)

On the First floor of the ARDC Bldg, Conference Rooms (A & B)

Last week James sent the following note out to everyone which is in lieu of the normal agenda. I have included it below in case you missed it. Also attached is the meeting summary from the Feb 5th meeting and a map of our location.

BPAC members,

The next regularly scheduled BPAC meeting is Monday May 7th. The meeting will be focused on the proposed Duluth-Superior Bikeways map.

Prior to this meeting, if you have not done so already, please review and prepare comments on the proposed bikeways map. At this meeting, each member will be asked to share their major comments with the group. Once all comments have been shared, a facilitated discussion will follow.

Here is the link to the map:

<http://bit.ly/dsbikeways>

Please don't hesitate to contact me if you have any questions.

James Gittemeier, Principal Planner
