Subject: Stakeholder Input Opportunity- St. Louis River Area of Concern 2019 Remedial Action Plan

Good Afternoon St. Louis River Area of Concern Stakeholders and Partners,

The St. Louis River Area of Concern (SLRAOC) coordinating agencies would like to inform you that a stakeholder input opportunity is available through **January 21, 2020**. A draft version of the 2019 Remedial Action Plan (RAP) is available on the [WDNR website's](#) SLRAOC page.

To streamline the process of providing feedback, comments should be directed to Matt Steiger via email matthew.steiger@wisconsin.gov or by giving Matt a call at 715-396-6904. Please provide feedback by 4:30pm on January 21, 2020.

The draft 2019 RAP for the SLRAOC is available as a "red line" document showing the deletions or insertions from the 2018 document. The red line edits will be accepted and a final RAP will be posted after stakeholder comments are reviewed.

We are excited to share the progress that has been made in the SLRAOC since the 2018 RAP and to present this opportunity for stakeholders and partners to provide feedback in the yearly update process. **Please feel free to share this link with other stakeholders and partners.**

Thank you for your participation,

SLRAOC Coordinators:
