

Amendment #1 - 2021-2024 Duluth Area TIP

RE: St. Louis County CSAH 56 Project - combine projects and overall cost increase of \$150,000

Date Presented to MIC Board for Approval: December 9, 2020

St. Louis County has requested that the intersection improvement project at US Hwy 2 and Morris Thomas Road be combined with the Morris Thomas Road resurfacing project. Both projects are currently programmed in the TIP for FY 2021.

A TIP amendment is necessary because an originally programmed project is being deleted, and with the addition of the intersection improvements, the scope of the existing Morris Thomas Road resurfacing project will be changed to include a new phase of work.
