

## Sustainable Choices 2045 Implementation Team

### Purpose of the Implementation Team:

“Upon approval of *Sustainable Choices 2045*, a team will be established to guide ongoing implementation of the Plan’s vision, goals and objectives.”

From page 2-11 of *Sustainable Choices 2045* – the Duluth-Superior Area Long-Range Transportation Plan.

### Ideas - What action should we take next? Please come prepared to share your ideas for what actions should be taken next to implement *Sustainable Choices 2045*.

- Develop an overall implementation strategy that outlines a process and details steps to be taken.
- Prepare a list of strategies specific to each objective listed in *Sustainable Choices 2045* that can be used when implementing the objectives.
- Prepare a list of tactics specific to each strategy that can be used when implementing the objectives.
- Consider how the comments received from surveys, partner groups and jurisdictional consultations during the development of the Long-Range Transportation Plan can be considered and used to help implement *Sustainable Choices 2045*.
- List all current required performance measures and targets, and include ideas on how to ensure they are implemented and met.
- Update the TIP project selection process to address and meet the long-range objectives of *Sustainable Choices 2045*. [largely completed]
- Develop an evaluation process and timeframe to regularly assess progress toward implementing the goals and objectives of *Sustainable Choices 2045* (at least once annually). [started]
- Distribute *Sustainable Choices 2045* to all appropriate MIC-area jurisdictions, agencies, and partners for their consideration. [completed]
- Assist jurisdictions, agencies, and partners in including and/or implementing portions of *Sustainable Choices 2045* within their own plans, policies, or projects.
- Generally, ensure that over time, all aspects of *Sustainable Choices 2045* are being implemented.
