Discretionary Project Options – 2024

Traffic Signal System Assessment

- Issue of signal coordination and technology was raised during the 2018 Bayfront study; also has connections to the Safety Action Plan.
- Possible transit and emergency service benefits, if implemented

Roadway Capacity Assessment

- 4-to-3 lane reductions
- 6th Avenue East Corridor in Duluth identified as one potential corridor for study; several others throughout MIC area

Other Project(s) for Consideration?
