

Re-Focussed MIC Area Bicycle Transportation Plan Status Update

**MIC Policy Board
January 15, 2025**

Mike Wenholz

What Has Been Completed

- **Re-focused work plan being implemented**
- **Prioritization approach finalized**
- **Full area & localized maps have been prepared**
- **Many updates to the maps**
- **Chapters 1, 2, 3, & 5 updated - nearly complete**
- **Jurisdictions have verified & updated project list**

BPAC leadership has been very active & done a lot of this work

Significant Updates

- **Add a prioritization approach**
- **Address rapid increase in use of e-bikes – impacts the demand for infrastructure**
- **Update references to state & national design guidance**
- **Explore 5 E's**
 - Engineering, Education, Encouragement, Evaluation, Enforcement
 - Equity (new)

Significant Updates

- **Updated recommendations**
- **Will include a bicycle-related project list**
- **Map updates include:**
 - Adding bike boulevards & other bike facilities
 - Identify existing network gaps
 - Identify existing areas of safety concern

January 2025

Finalize Maps & Prioritized Segments

Finalize “Notes” & “Existing Key Gaps” for Small Area Maps

Draft Final Plan

Meeting with Jurisdictions

Submit draft plan to BPAC for Review

February 2025
