Introduction

TIP Project Information

Lead Agency

Hermantown

Any other responsible agencies?

Hermantown

Possible LRTP Related Projects

MN-04-01 - MUNGER TRAIL CONNECTOR – see map in Bike Plan

Non-LRTP Projects

Is this project associated with any other projects?

No

If yes, please list projects and or state project numbers?

Route System

MSA

Route Name

Munger Trail Connector – Roadway Name? – Ugstad? Maple Grove?

Estimated Length

0.5 (from where/to where)

Irtpprojecttype

Bike or Pedestrian Improvement

Type of Work

Resurface (Mill and Overlay), Safety Improvements, Landscaping, Sidewalk, Bike/Ped Improvements

If "Other" Work Please Explain

Scope Description

The reconstruction of **what** road, **from where, to where?** would convert the rural road section into an urban road section including concrete curb and gutter, sidewalk, and a stormwater system. The road improvements would consist of both horizontal and vertical improvements

Are they also building an adjacent trail?

Project Funding

Main State ID

MN-04-01

Proposed Funding Type(s)

STBGP

Federal Funding Total

950,000

Does this project include AC funds?

No

AC Total

Year of AC Payback?

State Truck Highway or Bond Total

1,250,000

Other Funding Totals

150,000

Estimated Total Project Cost

2,350,000

Irtptotal

\$4,700,000

totaldifference

NaN

Current Planned Year

2026

L RTP Related Questions

Transportation Modes

Walking, Biking, Automobile

Walking Work

Walking Related Work

Crosswalk - Markings or Warning System, Curb Ramps, Signage, ADA Improvements, Sidewalk Improvements, Sidewalk Additions, Trail/Walking Path Improvements, Trail/Walking Path Additions

If 'Other' please describe.

Biking Work

Biking Related Work

Crosswalk - Markings or Warning System, Curb Ramps, Signage, ADA Improvements, Trail/Bike Path Improvements, Trail/Bike Path Additions

If 'Other' please describe.

Transit Work

Transit Related Work

If 'Other' please describe.

Other Work

Select all other applicable work associated with the project.

If 'Other' please describe.

L RTP Goal 1

Which of the following LRTP Goal 1 Objectives will this project help to accomplish? (select all that apply):

Design and maintain infrastructure across the Duluth-Superior area transportation system in a manner that supports and encourages a physically active everyday transportation routine., Through innovative design, improved infrastructure, land use planning, use of sustainable approaches, higher fuel efficiency, and other options, avoid, minimize, and/or mitigate the negative environmental impacts of the Duluth-Superior area transportation system, such as stormwater runoff, flooding, air emissions, toxic pollution, noise and light pollution, and the spread of invasive species.

LRTP Goal 2

Which of the following LRTP Goal 2 Objectives will this project help to accomplish? (select all that apply):

Provide legitimate choices for all people of all ages, incomes, and abilities across the entire Duluth-Superior area transportation system., Build and maintain infrastructure that fits the neighborhood character., Ensure investments in the Duluth-Superior area transportation system lead to a diversification of transportation options for people across all modes.

LRTP Goal 3

Which of the following LRTP Goal 3 Objectives will this project help to accomplish? (select all that apply):

Prioritize safety and acceptable levels of risk for vulnerable users of the Duluth-Superior area transportation system., Meet all required safety-related federal, state, and local performance measures.

LRTP Goal 4

Which of the following LRTP Goal 4 Objectives will this project help to accomplish? (select all that apply):

Provide viable and efficient travel options for the movement of people and goods across the entire Duluth-Superior area transportation system., Address inefficiencies in the Duluth-Superior area transportation system for all modes., Improve real-time travel across the Duluth-Superior area transportation system by maintaining the current critical infrastructure to increase longevity of local transportation facilities for all modes., Ensure direct travel connections between modes of transportation for people exist and are maintained across the Duluth-Superior area transportation system., Ensure direct travel connections between modes of transportation for goods and services exist and are maintained across the Duluth-Superior area transportation system.

L RTP Goal 5

Which of the following L RTP Goal 5 Objectives will this project help to accomplish? (select all that apply):

Promote Duluth-Superior area transportation system decisions and investments that stimulate neighborhood and regional economic activity, such as those that support core investment areas in local jurisdictions., Integrate existing economic development plan recommendations when making decisions about Duluth-Superior area transportation system projects.

L RTP Goal Description

Describe in detail how this project will help accomplish the goals and identified objectives of the L RTP, or why it is not applicable. As part of your answer briefly describe the purpose and need for the project, what issues (project and system level) are to be addressed with this project, and what anticipated solutions to possible barriers will be needed to complete the project? (barriers could be public resistance, right-of-way needed, etc). (up to 3400 characters)

Performance Measure or Transit Asset Management Targets

Which of the following L RTP Objectives regarding performance measures will this project help to achieve? (select all that apply):

PM-1 Safety

Rate of serious injuries

PM-2 Infrastructure

This project will not help to achieve any of PM2 measures.

PM-3 System Performance on National Highway System (NHS)

This project will not help to achieve any of PM3 measures.

Transit Asset Management

Parking/Pedestrian Facility
